Ascension Day School Discipline Policy

1. The children in the childcare program will be disciplined in a constructive manner. Redirection is the method used.
2. The children will not be subjected to discipline that is severe, humiliating, or frightening.
3. Discipline will not be associated with food, rest, or toileting.
4. Spanking or any other form of physical punishment is prohibited.
5. The Pinellas County Licensing Board requires each school to file an Incident report when a child is injured at school. An Incident Report will be documented each time your child has been injured or has injured another child. A parent signature is required when an Incident report is filed. After three similar infractions, a conference with the parent(s), teacher, and director will be arranged to work to together to facilitate an improvement in behavior. If progress is not made within a reasonable period, the child may be dismissed from school. This decision is at the discretion of the director. At that time, the director will be happy to assist the family in finding appropriate resources to help the child.
