

A Little History

Ascension Day School was founded in 1967 by the Episcopal Church of the Ascension. The school provides a faith-based education focusing on age appropriate academic and social development and welcomes all children.

Our Staff

Our caring, enthusiastic staff carefully plan the school day in ways to support social and emotional growth and foster creativity while focusing on an appropriate academic curriculum. All teachers are in compliance with the Dept. of Children and Families' training requirements and hold First Aid and CPR certifications.
